

Christian, Travis

Travis Christian is a 2010 graduate of Carnegie Mellon's Master of Science in Information Technology – Software Engineering (MSIT-SE) degree program. While at CMU he researched security requirements engineering for the SQUARE Process under Dr. Nancy Mead. Travis is now a software engineer at a Boeing Company subsidiary in the Washington, DC area where he works in the signals intelligence field.

He received his bachelor's degree in software engineering from Embry-Riddle Aeronautical University in 2009.
